

City Condo

Location: Seattle, Washington

Completion: 2009

Building Area: 1,950 sf

Photographer: Kathryn Barnard

A sophisticated retreat in the city, the cityscape views are an integral part of the experience. The material selection is simple in palette with shades of silver and gold. Reflective surfaces and materials were used, gold and silver leaf, silk and wool fabrics and rugs. The project scope consisted of custom casework elements, furniture and finish selections.
